PROFESSIONAL SUMMARY

Dedicated System & Network Administrator with 5+ years of hands-on experience managing Linux, Windows, macOS, Windows Server, and enterprise IT infrastructure. Experienced in networking, Sophos Firewall, Active Directory, virtualization, Docker, NAS storage, cloud services (AWS), endpoint security, asset inventory management, and IT documentation. Familiar with ISO 27001 ISMS principles, network diagram documentation, and security best practices. Currently expanding expertise in Cloud Administration and Cloud Engineering with a focus on AWS infrastructure, security, and automation.

TECHNICAL SKILLS

OS & Servers	Linux (AlmaLinux, CentOS, Ubuntu), Windows Server, macOS, Active Directory (User, Group & Group Policies)
Networking	TCP/IP, DNS, DHCP, VLANs, VPN (IPSec/SSL), LAN/WAN, NAT, Static Routing, L2+ Managed Switches (TP-Link), WOL, Port Forwarding Network Diagram Documentation, SOP Documentation
Security	Sophos Firewall (rules, IPS, web filter, SSL VPN, NAT), ESET Endpoint, Access Control, Patch Management, ISO 27001 (ISMS Concepts), Asset Inventory Management, Endpoint Security, Backup/Rec
Virtualization	VMware, VirtualBox, Hyper-V, Docker, Docker Compose, Kubernetes
Cloud (AWS)	EC2, S3, IAM, Direct Connect, Cloud-Watch, VPC & VPC Peering
Storage	TrueNAS (setup, config, backup), FTP Server
Web & DB	Apache, Nginx, XAMPP, WAMP, MySQL (basic DBA), MongoDB (basic operations)
Scripting	Bash, PowerShell — backups, routine tasks
Tools & Other	Nagios, Git, Raspberry Pi server setup, UptimeKuma (Self Hosted), Telegraf, Grafana
Certifications	CompTIA A+ CompTIA N+ CCNA (training) AWS SAA-C03 (in progress)

PROFESSIONAL EXPERIENCE

System Administrator

April 2021 – Present

WeeTech Solution Pvt. Ltd. | Surat, Gujarat

- Manage and maintain 100+ endpoints across (Linux, Windows, macOS) and virtual environments, ensuring high availability.
- Administer LAN/WAN network infrastructure (TCP/IP, DNS, DHCP) and configure L2+ managed switches with VLANs and trunking across multiple ISPs.
- Implement and maintain Sophos Firewall security policies — rules, IPS, web filtering, and SSL VPN for secure remote access.
- Deploy and manage VMware/VirtualBox VMs: resource allocation, snapshots, performance tuning, and lifecycle management.
- Manage TrueNAS storage: setup, volume configuration, scheduled backups, and recovery testing.
- Managed Active Directory users, groups and group policies.
- Deploy and maintain Apache/Nginx web servers for internal
- Administer user accounts, RBAC policies, and backup strategies; perform basic DBA tasks on MySQL and MongoDB.
- Automate routine tasks (patching, log rotation, health checks) via Bash and PowerShell scripts
- Configure FTP servers, port forwarding, and Wake-on-LAN for remote system management.
- Deploy Raspberry Pi as lightweight servers including OS setup, network config, and remote SSH access.
- Maintain IT asset inventory and oversee hardware/software lifecycle management across the organization.

System Administrator

July 2020 – December 2020

Brainwaves | Surat, Gujarat

- Ensured system component compatibility and configuration across network infrastructure.
- Monitored network security and availability; managed firewall rules and device inventory.
- Performed OS installations, software deployments, and hardware troubleshooting across user workstations.

Network Engineer Trainee

Feb 2020 – May 2020

Tops Technologies Pvt. Ltd. | Surat, Gujarat

- Configured and installed network devices including routers, Cisco-switches, Load-Balancer, firewalls, and VPN appliances.
- Assisted in network maintenance, system upgrades, and security patching to ensure optimal uptime.
- Implemented firewall rules and basic access control policies under senior engineer supervision.
- Supported troubleshooting of connectivity and infrastructure issues across office network.
- Gained exposure to load balancing concepts and network security best practices.

EDUCATION

Bachelor of Computer Applications (BCA)

June 2019

Parul University, Vadodara, Gujarat

HSC (Higher Secondary Certificate)

March 2016

Shri Sardar Patel High School, Kadodara, Gujarat

STRENGTHS

- Strong problem-solving & analytical skills
- Team collaboration & communication
- Troubleshooting & system reliability focus
- Adaptability & quick learning
- Ownership & attention to detail
- Hindi, Gujarati, English
